OF COUNSEL
DONALD J. SHER

*LICENSED IN MISSOURI AND ILLINOIS

November 17, 2010

To Whom It May Concern:

It has been my distinct pleasure to know and work with Steve Singer and his employees at Lincoln Finance Company and RDR Investments LLC for over 25 years. Throughout that time, my firm has served as primary collection attorneys for both Lincoln and RDR, with all skip-tracing on their accounts, numbering in the thousands, being performed by them. Their expertise and proficiency in systematically working the judgment accounts to provide a continuous flow of new employment information, by closely monitoring numerous licensed and public data bases and then carefully verifying that information when necessary, has always been outstanding.

Accordingly, they are now providing such employment skip-tracing for our other clients through Employmentskiptracing.com. We have been very pleased with their performance in finding cost-effective, timely, and accurate employment information on accounts placed with our firm for collection, which, after all, is the lifeblood of any successful litigation collection firm.

Should you have any questions, or should you wish to discuss my firm's experience referenced above, please feel free to contact me.

Sincerely,

EDWARD A. SHER
