

Northstar Judgment Recovery, LLC NJR

New Years Day, 2016

To Whom It May Concern,

Reflecting back on our seven plus years of success in the Judgment Recovery business, a major turning point was several years ago when we teamed up with Steve Singer and EmploymentSkipTracing.com. Steve has been providing us with good solid hits every month which has added to our profitability and success.

We use several skip trace companies to locate 'place of employment' information and Steve is absolutely one of the best. When we get a hit from Steve we can count on it being accurate. We are very happy with Steve and his organization and highly recommend them to anyone in the collection industry.

If you have any questions, please contact our office.

Sincerely,

A handwritten signature in black ink that reads "Larry L. Winters, Sr." in a cursive script.
